

Asia Gender Network Founding Commitments

Vision: A more equitable world for women and girls across Asia

Mission: Mobilize financial, intellectual and human capital to improve outcomes for women and girls in Asia.

Goals:

- To drive new and incremental capital towards programs that enable gender equality;
- To empower network members to be champions for women and girls;
- To create engagement between members in the form of knowledge sharing and collective action; and
- To amplify a uniquely Asian perspective, rooted in regional expertise and locally relevant solutions.

Manifesto:

As a network, we are committed to changing the future for Asian women and girls-- individually and through collaboration--and we believe, with humility and trust, we will amplify our impact by challenging and supporting one another.

Values + Principles:

- We model support, inclusion, equality, respect, courage and leadership.
- Our work is action-oriented and impactful.
- We commit our time and capital to causes we believe in, but which improve outcomes for women and girls.
- We engage the men in our lives to bring gender equality and justice to Asia.
