The Constellations Awards celebrate the remarkable ways in which social investors across Asia collaborate to address the complex challenges of our times.

Asia is big, diverse, and complex - and so are its challenges. Our members meet those challenges through collaborations that pioneer solutions at scale. The Covid-19 pandemic has shown us the cracks in the social impact landscape. The social investment sector has responded without flinching. Members have learnt to react to an unfolding crisis quickly, in the short term, and nurture systemic solutions, in the long term. Our members have established shared aims and pooled resources to meet the moment with imaginative action. **"The Constellations Awards 2021" celebrate the ingenuity and effectiveness** of our members. Inspire and motivate others to try projects like yours across Asia.

The projects we celebrate in the Constellations Awards are inspiring, but more importantly, they are practical. Demonstrate how you have harnessed the strengths of different actors, illuminate the ripples of positive impact you have triggered, share your game-changing point of view. **Does your collaborative project have the potential to catalyse impact at scale by providing new means of accessing capital?**

Are you a pioneer? Pave the way for others - inspire them to mobilise their capital towards impact and a more resilient Asia. **Submit your application for a Constellations Award 2021 today.**

DEADLINE
28 Feb 2021, 23:59 Singapore Time (GMT+8)

General Information

1. Contact information AVPN member organisation (main liaison)

   Name of organisation:
   Name of contact person:
   Job title of contact person:
   Email Address:
   Phone Number:

2. Please list the other partnering AVPN member organisation(s), if any

3. Please list the other partnering non-AVPN member organisation(s), if any

4. Which award category are you applying for?
   - Social Equality and Inclusion
   - Climate Action and the Environment
   - Health and Well being

5. Which impact area(s) does your project cover? Check what is applicable.

   - *Affordable Housing*
   - *Ageing*
   - *Agriculture*
   - *Arts & Culture*
   - *Biodiversity*
   - *Climate Action*
   - *Conservation*
   - *Education*
   - *Employability*
   - *Energy*
   - *Environmental Security*
   - *Financial Inclusion*
   - *Healthcare*
   - *Leadership*
   - *Livelihood & Poverty Alleviation*
   - *Mental Health*
   - *Nutrition*
   - *Plastics*
   - *Sanitation & Hygiene*
   - *Water*
   - *Others, please specify*

Key Project Information

6. Name of project

7. Start date of project

8. End date of project (Please provide expected end date if the project is still ongoing.)

9. Have you used any networks for this project?
   (Networks are online and offline organisations that bring diverse stakeholders together.)
   If yes, please name the organisation(s).
   If no, please type 'NA'.

10. Estimated total financial contribution (in USD)

11. Types and estimated value (in USD) of non-financial contribution

12. Countries / markets of activity

13. Project Overview| Describe overview of the collaborative project here in 300 - 500 words.

Project Details

14. **Strength of Collaboration (30%)**

The project consists of, engages with, and is co-created through consulting with a number of sectors and people representing different areas of expertise and demographic groups. The project engages with multiple stakeholders within the public and private sectors, and civil society, whether along supply chains, within sectors or geographies, and collaborates with them to integrate their views and perspectives.

Entrant response in 300 - 500 words

Guiding questions
- How many stakeholders are involved in this initiative and how are their strengths harnessed to achieve the goals of this collaboration?
- How have you leveraged networks to achieve the goals of this project?
- What are the additional benefits that the collaboration has brought to this project?

15. **Impact Potential (30%)**

Entrant response in 300 - 500 words

The project addresses one of the Asia Pacific's most pressing problems, and it has a cohesive plan to drive change and achieve long-term impact.

Guiding questions
- Does the project have a clear theory of change framework?
- What are the project's achievements in terms of short and intermediate-term outcomes (as applicable)?

16. **Transformative potential & Innovation (20%)**

Entrant response in 200 - 300 words

The project demonstrates the use of innovative approaches, practices and technologies that could potentially disrupt an unsustainable and unjust equilibrium positively to solve global, regional or industry challenges. It is game-changing and future-oriented.

Guiding questions
- How is the project game-changing?
- How does the project paint a transformative picture of the future?
- Please describe how the project leverages innovations in approaches, practices, technologies, funding approaches or other culture-enhancing elements to solve the challenges at hand.

17. **Growth Potential (20%)**

Entrant response in 200 - 300 words

The success of the project can be replicated in different regions or markets, or by different enterprises and can be grown as more stakeholders join.

Guiding questions
- What factors make this project replicable in different markets or regions? Is there any intention to do so?
- Can the project be scaled up to allow other stakeholders to join?

18. Do you have any verifiable information such as video clips, photos, PPT slides, pdfs as attachment? Please upload attachments to an external storage service and include the URLs here. Please type 'NA' if there are no attachments.

Notification

Applicants must not submit any false documents or information to apply, and must follow the requirements of the overview. If the provided information does not meet the requirements, AVPN reserves the right to decline the application. Should the investigation prove the information provided by any organisations to be false, they will be disqualified from the award.

Information submitted by applications may be used in marketing, promotion and media engagement by AVPN.
