# FINANCING PRIORITIES ACROSS CONTEXTS

Looking beyond budgets  
alone for financing national  
development priorities

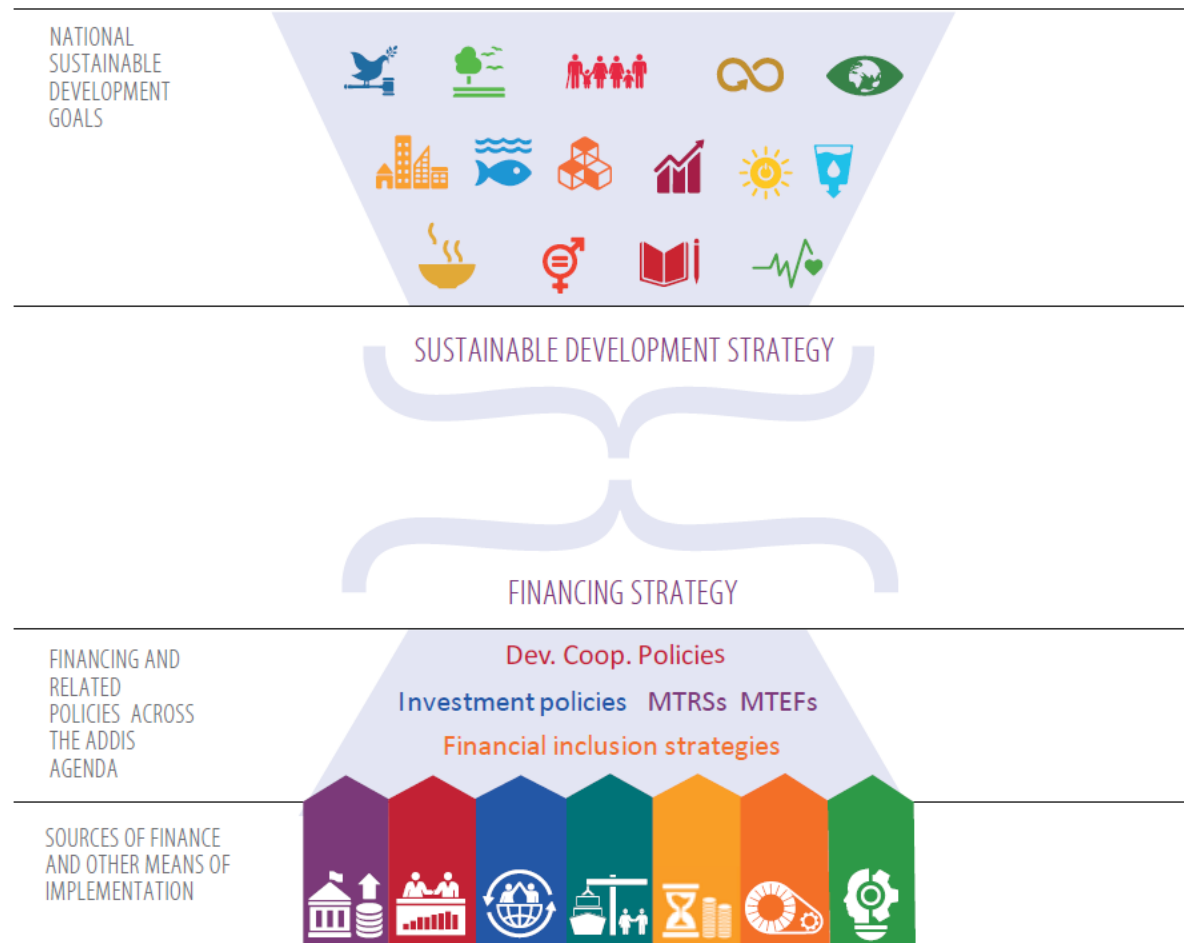

Strengthening integration  
between financing policies and  
national development plans

Strengthening systems for  
governance of financing

# INTEGRATING PLANS AND FINANCING

- Integrated national financing frameworks
- Financing strategies across public and private
- Processes for designing, implementing and reviewing specific financing policies

# MOVING BEYOND THE BUDGET ALONE

How to spend the budget  
to deliver sustainable  
development priorities?

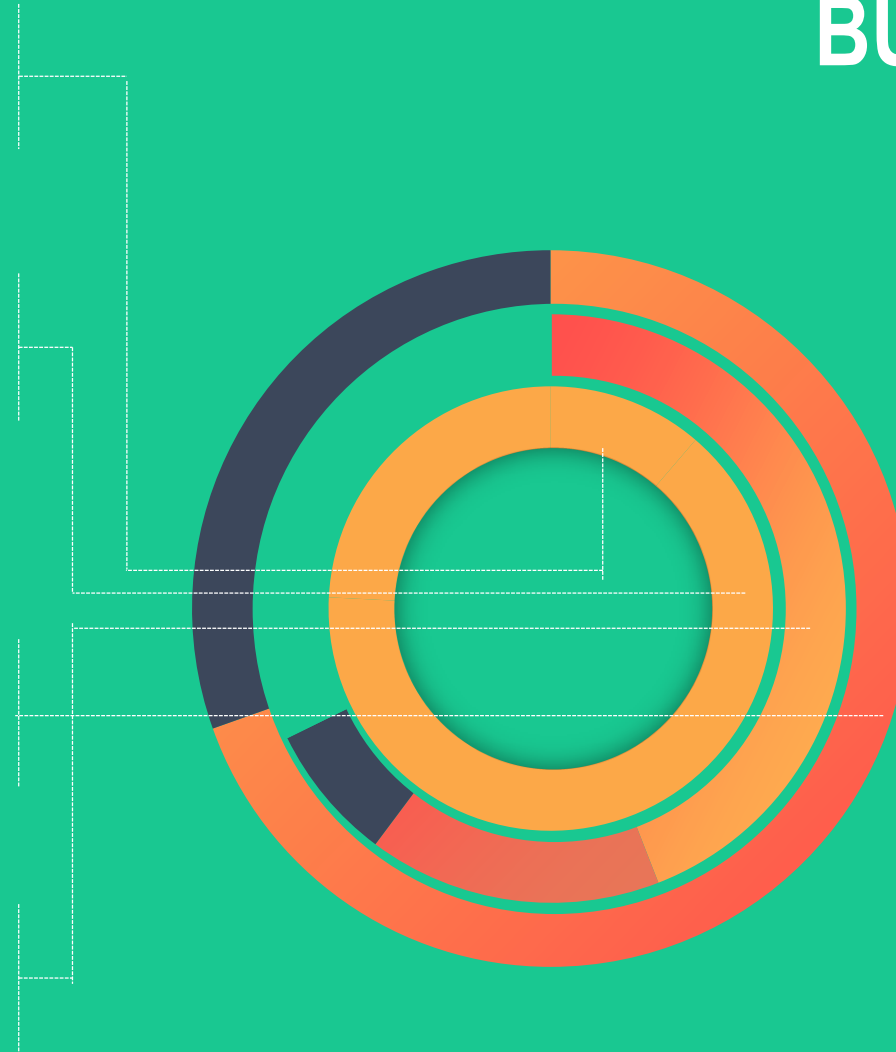

How to manage public  
enterprises to maximise  
their contribution to  
sustainable development?

How to collaborate with  
development partners?

How to mobilise private  
participation in public  
investments?
