1	British Council	120 English teachers from state schools and public servants in Jakarta	Education	Children and youths	Indonesia	Non-Financial: Operational Management		27 Apr 2019	The English language competence of 120 English teachers from state schools and public servants in Jakarta will be levelled up through a program called English for Jakarta. The program is expected to improve the English teachers' method of teaching through online training from British Council experts, thanks to a memorandum of understanding signed by Jakarta Governor Anies Baswedan, British Ambassador to Indonesia Moazzam Malik and British Council Indonesia director Paul Smith.
2	British Council, National Heritage Board (NHB)	dementia patients	Ageing	Elderly	Singapore	Financial: Equity	Not disclosed	30 Apr 2019	The British Council, NHB and National Museums Liverpool signed a memorandum of understanding (MOU) to introduce the House of Memories programme. The My House of Memories app - a key part of a dementia awareness training programme - is designed to be easy to use, with moving icons and animations used to reorient persons with dementia. Built by National Museums Liverpool, it stores visuals of hundreds of social history objects from museum collections to elicit memories in dementia patients and coax them to share their past with their caregivers. The upcoming Singapore version of the app will feature curated objects and photographs from the Republic's National Collection, which is managed by the National Heritage Board (NHB).
3	RBL Bank, Wirecard	Indian citizens	Financial Inclusion	People in poverty	India	Non-Financial: Use of Facilities		27 Apr 2019	Wirecard, the global innovation leader in digital financial technology, announced an expanded partnership with RBL Bank to promote financial inclusion in India. This partnership will make digital payment and banking transactions more readily accessible to all Indian citizens, including those living in remote areas. Retail agents, who serve as customer service representatives in various areas across the country, can enable the financially underserved to access basic payment and banking services. These include cash withdrawals and deposits as well as balance enquiries.
4	Singtel (Singtel Touching Lives Fund (STLF))	APSN Chaoyang School, APSN Delta Senior School, APSN Tanglin School, Cerebral Palsy Alliance Singapore School, Eden School and MINDS Lee Kong Chian Gardens School	Education	Children and youths	Singapore	Financial: Grants	2,197,485	24 Apr 2019	Beneficiaries from the Singtel Touching Lives Fund (STLF) were presented with a cheque of S\$3 million which goes towards their programmes for special education students.
5	The British Asian Trust	Pakistan Cricket Board (PCB)	Health	People with medical needs	Pakistan	Non-Financial: Access to Networks		27 Apr 2019	The British Asian Trust and Pakistan Cricket Board (PCB) has formally launched a three-year strategic partnership which will harness the powerful voice and support of the national cricket team to help tackle the stigma around mental health and create long-term change in Pakistan. The Ramazan appeal — "They call me crazy" — aims to create mass awareness about mental health issues and enable the British Asian Trust to scale up its mental health programme in Pakistan. The Trust aims to reach 150,000 people and touch the lives of 500,000 more over the next five years through provision of community-based healthcare, training and awareness raising to improve knowledge, referrals and access to support.
6	United Nations Development Programme (UNDP)	Teknaf Municipality	Water, Sanitation and Hygiene	Immigrants and asylum seekers and refugees	Bangladesh	Non-Financial: Operational Management		30 Apr 2019	In response to Rohingya influx, United Nations Development Programme (UNDP) launched a month-long waste cleaning campaign in nine wards of the Teknaf Municipality to clean up and recover wastes. The project will also build the capacity of local government, introduce source segregation of solid waste, establish community-based composting system, enhance the solid waste recycling endeavors and improve the existing waste disposal practices. Cash for work scheme will be introduced for 52 people from the Teknaf Municipality over 20 days who will be engaged in cleaning campaign.

7	United Nations Development Programme (UNDP)	disaster stricken areas in Laos	Livelihood and Poverty Alleviation	All Beneficiaries	Laos	Financial: Grants	955,964	25 Apr 2019	The United Nations Development Programme (UNDP) to Laos is allocating US\$955,964 to improve the living conditions of people impacted by disasters around the country. Under the agreement, the project is being allocated to four sectors, enhancing Laos' preparedness for disaster recovery at the national and sub-national level by strengthening the already existing mechanisms and by introducing new tools for disaster recovery and resilience; and enhancing policy, institutional and financial frameworks to plan and implement sustainable recovery processes. It is also building capacity in recovery planning and implementation including conducting post-disaster needs assessments and developing recovery frameworks, as well as enhancing capacity to implement sustainable recovery at the community level and provide a systematised body of knowledge and technological innovation for recovery management. Provincial and district level government officials have been informed about pilot testing of an SMS-based early warning system, which will be used to build the resilience of vulnerable communities in targeted provinces. The UNDP has signed contracts with four private sector national telecommunication networks in Laos for the implementation of the early warning system
8	UOB Venture Management (UOBVM), Philips, Kickstart Ventures	Lifetrack Medical Systems	Health	People with medical needs	Singapore	Financial: Equity	5,200,000	25 Apr 2019	Singapore-headquartered healthtech startup Lifetrack Medical Systems has raised a US\$5.2 million Series A funding round led by UOB Venture Management (UOBVM) through its Asia Impact Investment Fund (AIIF). Global tech giant Philips and existing investor Kickstart Ventures also participated in the funding round. The startup plans to use the funding to support its international growth and build on its LifeSys medical imaging platform, which enables rapid transmission, aggregation, and access of medical images from multiple sites, including remote rural areas. It aims to solve the problem of access to medical facility in remote rural areas, particularly radiology, by using off-the-shelf consumer hardware and consumer DSL or 4G.
May 2019									
9	Australian Department of Foreign Affairs and Trade (DFAT)	40,000 women in northern Lao Cai and Son La provinces	Livelihood and Poverty Alleviation	Ethnic minorities	Vietnam	Financial: Grants	240,000	6 May 2019	The Gender Responsive Equitable Agriculture and Tourism (GREAT) Program had disbursed nearly \$240,000 in sponsorship to its projects in northern Lao Cai and Son La provinces as at early May. The program is a flagship initiative funded by Australia's Department of Foreign Affairs and Trade (DFAT) and managed by DFAT-appointed Managing CowaterSogema Int., Inc in the 2017-2021 period. There are now 15 signed agreements, totaling \$8.94 million in co-investment from the private sector, for business opportunities for 40,000 women and 4,000 new jobs with a focus on ethnic minority women, engaging in agriculture and tourism markets in the two provinces.

10	Australian Department of Foreign Affairs and Trade (DFAT)	eWater	Water, Sanitation and Hygiene	All Beneficiaries	Cambodia, Laos, Thailand, Vietnam	Financial: Grants	300,000	13 May 2019	The Australian government provided a grant of about \$300,000 to help the Mekong River Commission upgrade its data, modelling and information systems to provide enhanced and timely information to the public in MRC member countries. The grant, to be made available by the Australian Department of Foreign Affairs and Trade, will be in the form of technical assistance and will be implemented and managed by eWater, an Australian Government-owned non-profit organization, from now until December 2020. The main purpose for the upgrade is to provide faster reactions to address emerging changes, such as climate change or sudden water release from reservoirs in the Lancang-Mekong river basin, track basin state and development, and strengthen one of the MRC's key roles as the regional knowledge hub.
11	Australian Department of Foreign Affairs and Trade (DFAT), Engro Fertilizers Limited, Engro Foundation	4,000 smallholder farmers	Agriculture	People in poverty	Pakistan	Non-Financial: Accelerator Program		28 May 2019	LAHORE (PR) Engro Fertilizers Limited, Engro Foundation and the Department of Foreign Affairs and Trade (DFAT), Government of Australia have successfully trained more than 4,000 smallholder farmers so far, including 600 women, on quality certified seed use over two years. Additionally, the project has developed approximately 290 enterprising smallholder farmers, 124 among whom are women, to produce their own quality farm-saved seed for further exchange, distribution and selling among the fellow farmers in nearby villages.
12	Ayala Foundation, City Government of Butuan	SK Federation and LeadCom youth leaders	Employability	Children and youths	Philippines	Financial: Grants	3,900	13 May 2019	Ayala Foundation handed a seed fund worth P200,000 to the SK Federation and LeadCom youth leaders. The seed money, which came from both Ayala Foundation and the City Government of Butuan, will be used to jumpstart community-identified projects in communities the leaders come from. These youth leaders will enable implementation in their respective communities. Some focus of these projects include caring for the environment, entrepreneurial opportunities, widening training and employment options, as well as improving health and wellness through steering the youth away from vices.
13	Ayala Foundation, Microsoft	underserved Filipino youth	Education	Children and youths	Philippines	Non-Financial: Coaching and Mentoring of Management		17 May 2019	Conceptualized by Ayala Foundation and in partnership with Microsoft Philanthropies for the launch of the pilot program, < code/it > will introduce computer science concepts and skills training to Filipino school children in underserved communities. Also working closely with the Department of Education, Ayala Foundation aims to make an impact on the lives of at least 4,000 students from public elementary schools nationwide.
14	Bill and Melinda Gates Foundation (The DFS Lab), Openspace Ventures, Intudo Ventures, Golden Gate Ventures	TaniGroup	Agriculture	People in poverty	Indonesia	Financial: Equity	10,000,000	27 May 2019	TaniGroup is a tech startup engaged in two main enterprises: TaniHub, a B2B and B2C e-commerce platform for agriculture products that connects farmers with businesses and end-users, and TaniFund, a platform that gives local farmers access to financing services. TaniGroup plans to use the new funding to support its nation-wide expansion and product development.
15	Bill and Melinda Gates Foundation, IndusAge Partners	Stellapps Technologies	Agriculture	People in poverty	India	Financial: Grants	14,000,000	31 May 2019	Omnivore-backed agritech startup Stellapps Technologies has raised \$14 million in one of the largest equity funding rounds led by Bill and Melinda Gates Foundation and IndusAge Partners, among others. Stellapps Technologies, which is also backed by Flipkart executive chairman Binny Bansal, is touted to be one of the largest dairy IoT platforms in India. The funds raised will be used for monitoring the quantity and quality of milk, storage facilities, creating wearable devices for tracking cattle health and infrastructure for housing the cattle. Ultimately, the focus is on reducing costs for the farmer by ensuring there are higher milk yields and consistent health of their cattle.

16	Community Foundation of Singapore	marginalised groups in Singapore	Livelihood and Poverty Alleviation	People without employment	Singapore	Non-Financial: Fundraising or Revenue Strategy		23 May 2019	The Community Foundation of Singapore (CFS) has launched a new community impact fund to address social exclusion from the country's workforce. Learning Initiatives for Employment (LIFE) Community Impact Fund will support programmes that provide vocational training for marginalised groups in Singapore and place them in jobs in the open market. The programmes are targeted at four marginalised groups – persons with disabilities, persons recovering from mental illnesses, disadvantaged women and youth-at-risk. Its focus is on helping them navigate and overcome barriers to securing sustained employment. This is done through equipping and supporting them with both hard and soft skills for obtaining and maintaining jobs in the food and beverage industry. The programmes may be expanded to span more industries in the future. CFS is looking to raise funds to cover the estimated S\$528,000 required to support the programmes.
17	DBS Bank	Chew's Agriculture	Agriculture	Flora and fauna	Singapore	Financial: Debt	19,775,745	30 May 2019	Egg producer Chew's Agriculture has signed a 10-year, \$27 million sustainability-linked loan with DBS Bank, to construct a new farm with larger cage-free facilities. According to DBS, this is the first sustainability-linked loan for a small and medium-sized enterprise (SME) in Singapore. Its loan with DBS was evaluated based on a series of environmental, social and governance (ESG) performance metrics.
18	Federation of Indian Chambers of Commerce and Industry (FICCI), Asian Disaster Preparedness Centre (ADPC)	corporations and commercial entities	Environment and Climate Action	All Beneficiaries	India	Non-Financial: Operational Management		17 May 2019	Federation of Indian Chambers of Commerce and Industry (FICCI) signed a Memorandum of Understanding (MoU) with Asian Disaster Preparedness Centre (ADPC) to promote disaster risk management in the private sector. As per the MoU, FICCI and ADPC will cooperate on a range of issues, including promotion of Disaster Risk Management (DRM) in the private sector along with development and sharing of Disaster Risk Reduction (DRR) technical expertise through mutually identified means and modalities. The agreement outlines the framework of cooperation between the two bodies to promote DRM by corporate sector to contribute to own and societal resilience with the prime objective of developing disaster risk management related capacities. It also aims to encourage corporations and commercial entities to undertake actions for own and societal resilience, developing and delivering Prioritized Training Courses and promoting DRM knowledge, experience sharing and forming joint projects.
19	Globe Telecom	Semirara Mining and Power Corp. (SMPC) and the local government unit of Semirara Island	Financial Inclusion	All Beneficiaries	Philippines	Non-Financial: Use of Facilities		24 May 2019	To improve voice and video communication, Globe teamed up with SMPC to upgrade all cell towers in the island with LTE technology. As a result, better network connectivity serves as a bridge between Semirara Island and the outside world. Forecasts about typhoons become readily available for the fisherfolk community. Mynt, a financial tech startup, is also providing SMPC with a modern payroll solution that allows the company to easily disburse salaries, loans or allowances. Through GCash, SMPC employees can send money to other GCash users anywhere in the Philippines, or to their relatives in other parts of the country, for free and within seconds. It also allows them to pay bills at the comfort of their homes, and without falling in line at automated teller machines.
20	Impact Investment Exchange (IIX), 500 Startups, Expara Ventures	Salutat	Financial Inclusion	Women and girls	Singapore, Thailand, Myanmar	Financial: Equity	Not disclosed	30 May 2019	Salutat is a Singapore-based startup whose mission is to help microfinance institutions (MFIs) better serve entrepreneurs in developing countries. Salutat helps its emerging market financial institution partners to improve lending to underserved entrepreneurs, especially women, by boosting customer engagement through over-the-top (OTT) communication channels (e.g., Whatsapp, LINE), providing better access to lower-interest loans and delivering financial literacy training to borrowers.

And they included Peking University, Dalian University of Technology, the University of Leeds and King's College London. As part of the funding, an initial 420,000 pounds (\$527,000) of the investment will be provided to nearly 30 universities from 12 countries most of which are involved in the Belt and Road Initiative, to help deepen cooperation mainly in the fields of healthcare, food safety, advanced manufacturing, renewable energy, and global leadership transformation.
51	CapitaLand	children of low-to-medium income National Trades Union Congress (NTUC) union members	Livelihood and Poverty Alleviation	Children and youths	Singapore	Financial: Grants	366,203	5 Jul 2019	CapitaLand, through its philanthropic arm, CapitaLand Hope Foundation (CHF) has launched a S\$500,000 CapitaLand-U Care Resilience and Enablement Fund. The fund provides a safety net to capture and assist children of low-to-medium income National Trades Union Congress (NTUC) union members who are impacted by sudden loss of income in unforeseen circumstances, such as retrenchment or illness in the family. Working with NTUC-U Care to administer CAP+Ure, the fund aims to assist about 2,500 children of union members with a total monthly household income of less than S\$5,800.
52	Coca-Cola Beverages Philippines (Coca-Cola Philippines)	Green manufacturers and organizations	Environment and Climate Action	All Beneficiaries	Philippines	Financial: Grants	19,510,291	13 Jul 2019	Coca-Cola Beverages Philippines (CCBPI), the bottling arm of Coca-Cola in the Philippines, is investing in a P1-billion next-gen, state-of-the-art, food-grade facility in the country as part of its World Without Waste initiative. According to Gareth McGeown, president and CEO of CCBPI, the facility will transform used recyclable PET plastic bottles into new and useful beverage bottles again. The recycling facility will collect, sort, clean, and wash post-consumer recyclable plastic bottles. Then, the bottles will be turned into pellets that can be made into items of value. This is especially applicable now when many manufacturers are looking into going green. Apparel companies, for example, are creating new clothes and shoes out of old plastic fibers.
